Coral Springs Museum of Art Raises \$21K at 4th Annual Great Art Plate Affair

Page 10

SYLVIA RIQUEZES : ARTIST

"In the sculpture garden outside the museum is the monumental work "Trapped", an ensemble of gigantic sphere all of which, from the biggest to the tiniest, appear to be trapped, caught in a net. Rendered in a vibrant red and dominating the surrounding space, they seem to embrace one another. Do they perhaps evoke a group of human beings ready to slip off in search of their freedom?"

By Dr. Milagros Bello - Art Historian
